Cleary University continues to illustrate a strong commitment to the community and investing in aspiring talent of future leaders. A 4-year Cleary University Scholarship was awarded at the Cleary's signature event: Vehicle To A Better Future. Lifelong Livingston County resident, Realtor and County Commissioner Carol Griffith; an attendee at the event was the recipient of the scholarship. As an enthusiastic supporter of Cleary University she is honored to select an inspiring 2018 graduating high school senior for the 4 year tuition~ paid scholarship.

"I am particularly excited and humbled to be a "game changer" in a student's future. Cleary University offers more than just an education. The University has a prominent reputation for advancing students and retaining academic talent to work right here in our community. Not only does the Cleary experiences provide a foundation for employment but a dynamic all-round experience that contributes to class room academics and athletics," states Carol Griffith. Cleary University is just another reason to love Livingston County. With the rising cost of education and out- of -state educational institutions; students can obtain a great educational experience with athletic opportunities in our back yard! Cleary University has a strong and valued relationship with our community. Our local business leaders hire Cleary students and graduates knowing that they have had an enriched, dynamic educational experience right here in Livingston County. In return our County retains its talent. This is a valuable component of economic development and adds to the strength of our community, " states Griffith.

Some of the criteria for the Scholarship recipient includes: meeting admission requirements for Cleary University and a completed application for admissions. Students must complete a free application for federal student aid (www.fafsa.gov) to be eligible in accordance with Cleary University admissions requirements. Student recipients to begin their academic program Fall 2018.
