

2FOG's Facebook Post March 14th

“PLEASE READ ME! 2FOG's Pub starts its fifth year in business this month. I am proud of my entire staff and who we are. Over the 10-days, we have received about a dozen 1-star reviews on our Google business page 😞 MORE than double that of our entire first four years! (smell a skunk?) With more coming each and every day, we don't see an end in sight!

2FOG's does not block our site(s). We do not remove bad comments or bad reviews. I/we feel hard work will prevail. We have been at a 4.8 rating for a very, very long time (my dream is a 5-star rating!). Now 2FOG's, our rating, and families are being attacked and defaced by an unknown source.

We have had enough. We have turned this over to Google, as well as the local Sheriff's Department and a Cyber Security Firm to find, and call out legally and publicly, the person and/or persons behind this attack. I feel most of us who use services like Google have some knowledge to look and see what is really going on. Read between the lines and dive a bit deeper. Just a few clicks can tell you what you really need to know.

I am posting this in full support of my 2FOG's Family. Also to ask that you, the public, look at four years of great business and an average 4.8 rating compared to a week of slander. I hope in the coming weeks I will be able to share our findings. Fighting for the truth is the only way all of us can stop people like this.

P.S. I do rate our food five stars!”
