Brighton Charter Township, Green Oak Charter Township, and Hamburg Township

PRECAUTIONARY BOIL WATER ADVISORY NOTICE

Loss of pressure in Livingston Community Water Authority System

BOIL YOUR WATER BEFORE USING

Bring tap water to a rolling boil, boil for one minute, and cool before using or use bottled water. Boiled or bottled water should be used for drinking, making ice, washing dishes, brushing teeth, and preparing food until further notice.

This Boil Water Notice applies to All residents within **Country Club Subdivision and Businesses receiving water from the Weber Street Watermain in The Charter Township of Brighton.**

At or about 6:00 pm on Sunday evening, a water leak was reported to the Authority in the intersection of Weber and Military Streets within the Country Club Subdivision. On Monday morning attempts were made to close valves to isolate the watermain break and open the emergency connection with the city of Brighton, but the valves would not shut off the water and allow the repair to be made. With freezing temperatures coming at night, the decision was made to shut down the system within the subdivision and repair the water main.

When water mains lose pressure, it increases the chance that untreated water and harmful microbes can enter your water.

Harmful microbes in drinking water can cause diarrhea, cramps, nausea, headaches, or other symptoms and may pose a special health risk for infants, some elderly, and people with severely compromised immune systems. But these symptoms are not just caused by microbes in drinking water. If you experience any of these symptoms and they persist, you should seek medical advice. For more information about Boil Water Advisories, go to:

https://www.health.ny.gov/environmental/water/drinking/boilwater/faq_residents_and_homeowners.htm

It is likely that you will need to boil water for the next **72 hours** until the problem is fixed. You will be informed when tests show that you no longer need to boil your water. For more information, please contact:

Mark St. Charles of the Livingston Community Water Authority at 810-231-1333 ext. 102

*Please share this information with other people who drink this water, especially anyone who may not get this notice directly (for example, people in apartments, nursing homes, schools, and businesses).
You can do this by posting this notice in a public place or distributing copies by hand or mail.*
