## Keeping Alcohol Out of the Hands of Minors

**Livingston County, Michigan** — The Livingston County Community Alliance, in conjunction with the Michigan State Police have been conducting alcohol compliance checks to enforce liquor law sales in Livingston County. Since November 2019, Michigan State Police have visited 103 retailers throughout the county. Out of those visited 87 people refused to sell to the underage decoys. That is a compliance rate of 85%. We would like to congratulate the following businesses! We believe that with the help of local businesses refusing to sell alcohol to underage people, the Livingston County community can avoid the problems that come with underage drinking.

Selling alcohol is a legitimate business that plays a vital role in our community. It is a privilege that has specific responsibilities attached to it. We thank each of you for fulfilling those responsibilities and look forward to your continued support in the future.
