

Free Tax Preparation Services  
Individuals or Couples  
Income \$57,000 or below

Tax Preparation will be done in one of two ways:

- Clients will load their tax documents into a secure site from home, returns will be prepared by trained preparers and uploaded for clients, and clients will sign returns electronically.
- Clients will set up an appointment at a drop off site to have their documents scanned and uploaded to a secure site, returns will be prepared by trained preparers, and clients will return to drop off site location at a later date to sign returns and receive a copy of their returns.

Appointments can be set up for either of these processes by calling the numbers below or setting up appointments online:
