

April 20, 2021

MAPAAC appreciates Livingston County Commissioner and Chairman Nakagiri's request, and acknowledges the Michigan Resources Toolkit for Asian Families and Communities requires updating. The Resources Toolkit was created to address the concerns and issues of the 11 community town halls and survey in 2015.

Our mission is to advance the full and equal participation of Asian Pacific Americans in the building of a greater Michigan and MAPAAC believes that its mission is best served through educating all Michiganders about the diversity and contributions of our communities and through fostering connections and deepening relationships within and between our communities.

MAPAAC does not endorse the use of any language that indicates, or suggests, it condones or encourages violence of any kind.

MAPAAC is committed to working with community leaders, state legislators and local elected officials to provide additional resources and support for Asian families and communities.

We are open to collaborating with counties across Michigan to host community town halls to better understand the needs of the APA community. We extend our partnership to the Livingston Board of Commissioners to organize listening sessions with APAs organizations and residents of Livingston County to address their concerns. We invite Chairman Nakagiri to attend our virtual June 11 Commission Meeting to address his concerns with the commission.

APAs with additional concerns or questions are encouraged to contact MAPAAC at (517) 648-4942 or MAPAAC@michigan.gov
