Topic: Reducing Light Pollution for Night Sky Viewing

Join us for another live event as we hear from Robert Parrish of Edwardsburg, MI. Robert is a graduate of Western Michigan University and the current Vice-President of the Cass County Parks and Recreation Board and member of both the Michiana Astronomical Society and the Kalamazoo Astronomical Society. He has been a delegate to the International Dark Sky Association for the past five years and is very active in getting the Dr. Lawless Park in Cass County recognized as both an International Dark Sky Park and a Michigan Dark Sky Preserve. We look forward to hearing from Robert on the topic of reducing light pollution for night sky viewing and how it affects our quality and enjoyment of our recreational amenities throughout Livingston County.
