Optimists Present \$918 to American Brain Tumor Assn

Brighton, Michigan – The Brighton Optimist Club and Eternity Brewing Company presented a check for \$918 to the American Brain Tumor Association (ABTA) yesterday, at the Eternity Brewing Company, in Howell.

Larry Berg, Michigan Co-Founder for the ABTAs BT5K, accepted the check, which will help fund desperately needed brain tumor research, patient programs and support services. The BT5K will be held on May 15th at Kensington Metropark in Milford.

The check represents the proceeds from the March 8th Euchre Tournament held at Eternity Brewing and includes a monetary donation from Eternity Brewing for every beer served that evening.

The Brighton Optimist Club conducts monthly euchre tournaments on the 2nd Tuesday of each month to benefit local 501 c3 groups as part of their mission of 'Bringing Out the Best in Children, Our Members, and the Community'. The complete prize pool is split between the designated charity, and the first, second and third place winners.

Upcoming tournaments will benefit OLHSA's Walk for Warmth, Love INC., Bountiful Harvest, and Girls on the Run of SE Michigan.

Online registration is encouraged to expedite setup. More information can be found at: <https://www.BrightonOptimist.org/euchre>
