FOR IMMEDIATE RELEASE

Blue Star Service Dogs Presents 2022 Fall Graduation

Whitmore Lake, MI — Blue Star Service Dogs (BSSD) will present its 2022 Fall Graduation Ceremony at Manly W. Bennett Park on Friday, October 14, 2022, with sponsors including South Sound WA8 Blue Star Mothers.

This ceremony will be the largest group of graduates to date. The semiannual event will consist of three ceremonies to accommodate all the graduates. This fall, 15 teams with their family and friends will have the recognition of completing the Blue Star Service Dogs training portion of their journey together. We will continue to support our teams as long as they need with post graduation programs and activities.

The Graduation Ceremony is for the graduates and their families; the event will be closed to the public.

BSSD is requesting donated supplies from multiple supporters and vendors to help us with this extremely exciting day of happy tales and happy tails. We hope that you can support their hard work and new lease on life with making this day special. We will recognize all of our sponsors on our social media outlets and display proudly at the event all day.

BSSD's mission is to provide our military veterans diagnosed with PTSD and TBI another method of healing through service dogs and training. Through our programs, we seek to help heal visible and invisible wounds, provide families with new beginnings, and raise awareness about the potential of shelter and rescue dogs everywhere. Since 2010, our organization has offered these dogs as a tool for service men and women to use with their formal medical treatment to address physical and psychological injuries from combat.
