A Toast to Responsibility: Local Businesses Excel in Alcohol Checks and Champion Underage Drinking Prevention

Livingston County, Michigan — This past summer, the Livingston County Community Alliance (LCCA) partnered with the Livingston County Sheriff's Office to conduct 125 alcohol compliance checks. LCCA partners with community agencies to reduce and prevent youth substance use which includes underage drinking, nicotine use, marijuana use, and prescription/non-prescription medications. Alcohol compliance checks are an evidence-based strategy to reduce the number of sales to minors. Local businesses were provided with a packet of resources to help spot fake IDs and raise awareness of the changes in Michigan driver's licenses. 119 retailers who were visited by underage purchasers checked for identification and refused service! Livingston County continues to average a 95% compliance rate among retailers.

Businesses that sold to a minor have taken immediate action to improve communication and training among their staff. We are proud of the action that all local businesses are taking to partner with prevention efforts and improve best practices.

With the dedication of local businesses refusing to sell alcohol to underage people, the Livingston County community can avoid the problems that come with underage drinking. If you are interested in being a part of local prevention efforts, please visit www.drugfreelivingston.com or email Megan Crainer at Livingston.community.alliance@gmail.com. Our general coalition meetings occur on the 2nd Tuesday of every month.

We would like to congratulate and recognize the following businesses that did not sell to minors in 2024:
