

Meijer COVID-19 Vaccination Registration

1. To register for COVID-19 vaccination through Meijer Pharmacy, visit their clinic website (<https://clinic.meijer.com/>) and select 'Complete the pre-registration process online'. If you require assistance, please call our local Meijer Pharmacy.

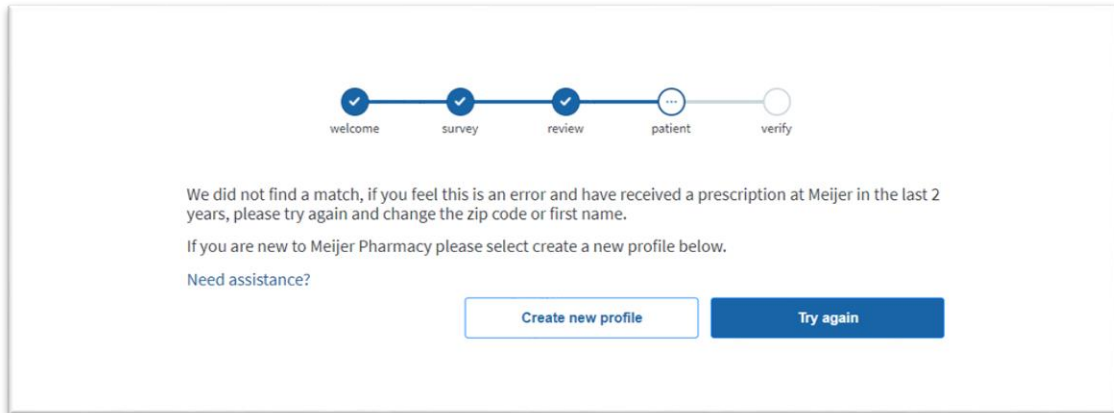

The banner features a blue background on the left with the text "register to get your free COVID-19 vaccinations at meijer." in white. On the right is a photo of a female pharmacist in a white lab coat and blue face mask. Below the photo is a red bar with the text "complete the pre-registration process online" and "click here to register". At the bottom, there are three buttons: "other ways to register:" followed by "text 'COVID' to 75049" (with subtext "to register and receive updates directly to your phone") and "call your Meijer Pharmacy" (with subtext "click here to find your pharmacy").

2. Follow the prompts on the screen and answer all questions. Click 'Next' to advance to the next screen.

The screen shows a progress indicator at the top with five steps: "welcome" (active), "survey", "review", "patient", and "verify". Below the indicator, the text reads: "Hello, Thank you for your interest in receiving the COVID-19 vaccine from Meijer Pharmacy! This registration is only for people who have not received the vaccine. If you have received a dose of the COVID-19 vaccine already, please exit this registration and contact our pharmacy directly. We are committed to improving health and safety in our communities, which is why we are helping public health officials by administering the vaccine. We will follow state and national guidelines to schedule patients. Pre-registering lets us notify you by phone or text message if we are able to provide the vaccine to you once it is available to us. If you are pregnant talk to your doctor or pharmacist prior to registering, because depending on your risk factors you may or may not want to defer your vaccination until after pregnancy. You must complete this process to be placed on our COVID-19 immunization registration." A blue "Next" button is located at the bottom right.

3. Note: If you are not a current Meijer Pharmacy member, you will see the below error message after entering all your contact information. You will need to click 'Create new profile' to continue.

4. After completing all the required steps you will reach a 'Registration complete!' page. This indicates that your name has been added Meijer Pharmacy's vaccination waiting list and you will be contacted when they are able to offer you a vaccination appointment. No further action is required at this time.
